

# Vam Booster

BIO-STIMULANT

## TECH SHEET

Vam Booster is one of our latest products distributed exclusively through AgroBest. Vam Booster (Vesicular Arbuscular Mycorrhizal) 10-2-5 is a multi-strain Bacterial and Endomycorrhizal inoculant with bioactive organic components. Vam Booster forms an extensive filament system within the soil that is 50 times larger than the plants root system, increasing nutrient and water to supply the plant.

### PRODUCT FEATURES

- The ingredients of Vam Booster are of the highest purity and quality
- Vam Booster will quickly colonise the root surface improving nutrient uptake
- Vam Booster will stimulate new and more aggressive root growth
- Protect roots against stress
- Activates the plants defence/immune system
